	Sprinkler or Drip Irrigation*	4pm – 8am
Lawn Watering	Bucket/ Trigger or Nozzle Hose/ Sprinkler or Drip Irrigation*	4pm-8am
Vehicle Washing	Bucket/Trigger-nozzle Hose / Pressure Cleaner #	Any Time
House Washing	Bucket/Trigger-nozzle Hose / Pressure Cleaner #	Any Time
Filling Pools	By Council Permit with Council Standpipe	Any Time
Topping Up Pools	Trigger or Nozzle Hose	Any Time
Cleaning Paving/Driveways	Trigger or Nozzle Hose / Pressure Cleaner #	Any Time
<b>Non-Residential Uses</b>		
Over 10ML/Year Users	Water Efficiency Management Plan Required	
Watering Outdoors	Bucket, Trigger or Nozzle Hose	Any Time
	Sprinkler or Drip Irrigation*	4pm – 8am
Vehicle Washing	Bucket/Trigger or nozzle Hose /Pressure Cleaner #	Any Time
Cleaning Paving/Driveways	Trigger or Nozzle Hose /Pressure Cleaner #	Any Time

\* No pooling or run-off permitted

# No off site run-off permitted

- The use of unattended hoses is strictly prohibited.
- Trigger or nozzle must be able to turn off either automatically or manually to prevent water flow when not attended.
- Target water consumption is 230 litres per person per day.
- Customers may apply for a Conditional Restrictions Permit in special circumstances. These special circumstances include newly laid turf or when attendance at the property is not always available.

### **Info on Water Saving Devices**

Water saving devices are rainwater tanks, pool covers, and any plumbing, sanitary products or white goods with a WELS (Water Efficiency Labeling Scheme) certified (i.e. have blue water stars on the product or packaging). Please see <http://www.waterrating.gov.au/consumers/index.html> for more information.

For any information with regards to these conservation measures, please telephone the Water & Sewerage Branch on 5481 0817.
