

Gympie Regional Council

## Planning Scheme Printing Guidelines

### Planning Scheme

It is recommended that the Planning Scheme be printed as a double sided document using the following steps:

1. Pages 1 to 313 are A4 and require to be flipped on the long edge.
2. Pages 314 to 321 are A3 and require to be flipped on the short edge.
3. Pages 322 to 323 are A3 and require to be flipped on the long edge.
4. Pages 324 to the end are A4 and require to be flipped on the long edge.

### Maps

Maps should be printed as single sided, A3 documents using the highest quality of colour available. To ensure that maps remain to scale, select 'Actual size' in your print settings.

*Note: The first page (Strategic Plan Map) is an A0 size document therefore won't be to scale when printed from ordinary printers. Select 'Fit to page' or similar setting for best results on A3 paper.*

### **Disclaimer**

The files contained on this disc have been provided by Gympie Regional Council in good faith, however no responsibility will be accepted for their reproduction. Various printers and media types generate different outputs and the quality or colour reproduced may not be an accurate reproduction of the original document.

Given the nature and scope of planning related documents, it may be necessary to make amendments to the documents contained on this disc from time to time. It is the user's responsibility to ensure that they are using the most up-to-date version and Gympie Regional Council does not accept any responsibility for this.
