Approval period

Council's approval period to keep more than the prescribed number of animals on a property within the region runs concurrently with its registration period for dogs. This period has been set by Council as 1 November 2018 to 31 October 2019.

Inspection of property for new applications

For new approval applications, a Council Ranger will conduct an inspection of the nominated property.

At this inspection Council's Ranger will evaluate, amongst other things whether:

- the enclosure provided for the animals is sufficient to prevent the animals from wandering or escaping from the property; and
- animal waste is disposed of in an appropriate manner; and
- for dogs, whether each dog is registered with Council or an application for registration of each dog has been submitted.

You are requested to nominate a preferred day / time for this site inspection to be undertaken as part of this application.

Inspections of properties are not usually undertaken for renewal applications.

Additional requirements for keeping more than two (2) dogs on a property

Registration requirements

It is a requirement of the *Animal Management (Cats and Dogs) Act 2008* ("the Act") for the owner of a dog more than 12 weeks old to register the dog in the relevant local government's area within 14 days after starting to keep the dog in the area unless the person has a reasonable excuse.

Each dog kept on the property must be registered with Gympie Regional Council except where any additional dog is a working dog**.

You will also need to complete form HEF602 Dog Registration Application/Amendment of Registration. Please note that fees will apply to register each dog that is not microchipped and desexed.

Dog breeder requirements

The Queensland Government has introduced laws to promote responsible breeding of dog. These laws apply to any dog born on or after 26 May 2017. A person who sells, advertises or gives away a dog, must have a Supply Number that identifies the registered Breeder of that dog. The supply number allows puppies to be traced back to their breeder. To obtain a supply number you need to register at <https://qdb.daf.qld.gov.au/>.

If you are breeding animals on a commercial basis, a Development Approval may be required under the *Planning Act 2016*. Commercial animal breeders should contact Council's Development and Compliance Branch on 1300 307 800 for further information.
