

Project Information

Project No. 4142044. November 2018

Kinbombi Falls Infrastructure Upgrade

Summary

Council and the State Government have allocated funding in the 2018/19 financial year to upgrade infrastructure at the Kinbombi Falls site, at Kinbombi; as shown in the plan of work overleaf.

Works proposed

The project will improve visitor experiences and safety at these iconic falls through

- improvements to existing stairs,
- installation of new public toilets, with a unisex accessible cubicle,
- weed removal and planting of endemic species to degraded areas and
- upgraded vehicle parking area meeting the needs of tourists and RV travelers.

Visual amenity will also be improved through the provision of upgraded, safe and accessible infrastructure.

Council endeavours to minimise disturbance of established vegetation on its projects where possible.

Traffic management

During construction access to the site may be affected for short durations. Your patience during construction is appreciated. Traffic management measures will be in place to ensure the safety of all road users.

Timing

Construction is programmed to commence in early 2019, subject to weather.
