

1080 Baiting Program

Are wild dogs, foxes, or feral pigs impacting your property or business?

Council runs a twice-yearly (or by appointment at other times) 1080 baiting program to help manage these pest animals - and it's easier than ever to take part on Wednesday, 15 October.

New Changes to the Program:

- Ready-to-use baits – Prepared fresh meat baits are provided by council, bring your own leak proof sealable bucket.
- Tailored to your property – bait limits are based on your land size
- Faster and safer – all baits are prepped and packaged centrally, reducing handling and contamination risks
- Convenient delivery – baits available at key local pickup locations for a one-stop collection

PICKUP LOCATIONS - 15 OCTOBER 2025
